DECISION ON RENEWED
PETITION UNDER
37 CFR 1.47(a)

In a decision mailed by this Office on 02 November 2006, applicants' petition under 37 CFR 1.47(a) was dismissed without prejudice for failing to satisfy all the requirements of a grantable petition. Specifically, applicants had not submitted an acceptable declaration executed by the cooperating inventors on their own behalf and on behalf of the non-signing inventor (the declaration submitted appeared to be a compilation of multiple declaration documents).

On 08 December 2006, applicants filed the renewed petition considered herein. The renewed petition is accompanied by copies of the complete four-page declaration documents executed by the three cooperating inventors, each of which includes an unsigned signature block for the non-signing inventor. These declarations satisfy the final outstanding requirement for a grantable petition under 37 CFR 1.47(a).

The renewed petition under 37 CFR 1.47(a) is **GRANTED**. The application is accepted without the signature of non-signing inventor David M. ROGERS.

A notice of the acceptance of the application will be published in the Official Gazette, and a letter informing the non-signing inventor of the application will be forwarded to the inventor's last-known address, as set forth in the petition.

The application is being referred to the National Stage Processing Branch of the Office of PCT Operations for further processing. The date under 35 U.S.C. 371(c)(1), (c)(2), and (c)(4) is 08 December 2006.

Dear Mr. ROGERS:

You are identified as an inventor in the above identified United States patent application, filed under the provisions of 37 CFR 1.47(a) and 35 U.S.C. 116. Should a patent be granted, you will be designated as an inventor.

As a named inventor, you are entitled to inspect any paper in the file wrapper of the application, order copies of all or any part thereof (at a prepaid cost per 37 CFR 1.19) or to make your position of record in the application. Alternatively, you may arrange to do any of the preceding through a registered patent agent or attorney presenting written authorization from you. If you care to join the application, counsel of record (see below) would presumably assist you. Joining in the application would entail the filing of an appropriate oath or declaration by you pursuant to 37 CFR 1.63.

A handwritten signature in cursive script, appearing to read "r.ross".
